The Grant of Right of Burial must be produced for any interment in a purchased grave.

We can only authorise the opening of a purchased grave with the permission of the owner, or to inter the owner. In all other cases, ownership must be transferred to someone who can prove that they are legally entitled to receive these ownership rights. The funeral arranger is responsible for clarifying ownership or the arranging transfer of ownership before booking the funeral.

Unpurchased grave

I hereby give instruction that the deceased named in this document is to be buried in a public or unpurchased grave in which bodies of other (unrelated) persons are, may, or will be interred. I clearly understand that in doing so I acquire no private burial rights relating to this type of grave.
