Subject: Thurrock Council SEA Scoping Report - Local Flood Risk Management Strategy

Our ref:- 148548

Dear Lee

Thank you for consulting Natural England on the above SEA scoping report. This follows our SEA screening response in our letter dated 12th January 2015. Please accept this email in the absence of a formal response on this occasion.

Natural England has reviewed the relevant sections of the Report, and considers that the matters relevant to our remit have generally been adequately identified with appropriate SEA objectives and indicators. We also note that the scope of the SEA report will include a Habitats Regulations Assessment (HRA), which we support.

We look forward to receiving the Environmental Report in due course, as the next stage in the SEA process.

Should you require anything further in the meantime, please contact us again.

Yours sincerely,
Jonathan

E-mail is our preferred method of communication. If absolutely necessary, any postal correspondence should be addressed for my attention to Natural England, Mail Hub Block B, Whittington Road, Worcester WR5 2LQ

www.gov.uk/natural-england

We are here to secure a healthy natural environment for people to enjoy, where wildlife is protected and England's traditional landscapes are safeguarded for future generations.

In an effort to reduce Natural England's carbon footprint, I will, wherever possible, avoid travelling to meetings and attend via audio, video or web conferencing.

Natural England is accredited to the Cabinet Office Customer Service Excellence Standard.
