Wider context

33 Please rank in priority order (1 - the highest impact / 6 - the least impact) how the following have had an impact on enforcement action relating to damp and mould in your area

Optional - a) Capacity of your local authority. i.e. resource and funding hindering capacity to take enforcement action relating to damp and mould.:

1

Optional - b) Experience and expertise in the local authority. i.e. a lack of officers with experience, for example, experience pursuing prosecutions or expertise within the team including, for example, legal expertise.:

5

Optional - c) Strategic prioritisation of private rented sector enforcement. i.e. competing priorities leading to relatively lower prioritisation of enforcement action or proactively enforce.:

3

Optional - d) The regulatory/ legal framework for enforcement activity. i.e. too much complexity in legislation.:

4

Optional - e) Issues with gathering or providing evidence. i.e. tenants reluctant to provide statements or difficulties gathering the requisite evidence for issuing a fine or prosecuting.:

2

Optional - f) Limited data on the private rented stock. i.e. difficulties identifying private rented properties or insufficient resource to map out private rented stock.:

6

34 Please say why you have ranked the items on question 31 in this order

Optional:

n/a

35 Does the Housing Health and Safety Rating System (HHSRS) allow for an effective assessment of how serious and dangerous damp and mould is in people's homes?

No

36 If not, what changes should be made to the HHSRS, to the system for categorising hazards or to enforcement powers under the Housing Act 2004?

Optional:

the process should be simplified to carry out enforcement actions, and the weighting given to this hazard in HHSRS prohibits the likelihood of damp and mould achieving a Cat 1 ranking.

37 What other measures would help you to better prioritise addressing housing enforcement issues such as damp and mould?

Optional:

A national landlord scheme to help fund local authorities to increase their staffing numbers to inspect dwellings. This will encourage landlords to maintain minimum standards in the PRS.
